

Produced by special arrangement with Samuel French

The Philadelphia Story

by Philip Barry

Directed by Malinda L. Beckham

This wonderful, timeless, romantic comedy tells the story of a Philadelphia socialite. Her first marriage ended in divorce, due both to her husband's drinking, and to her own demanding nature. As she prepares for her wedding to her new and wealthy fiance, she has to deal with feelings for her soon-to-be husband, her ex-husband, and a prying but charming reporter.
